1. The provisions of these Rules shall be considered to be incorporated in all contracts of the System to which they apply.
2. Notwithstanding anything contained in this § 1.2.1(C) of this Part, the "Rules of the Employees' Retirement System of the State of Rhode Island and the Municipal Employees' Retirement System of the State of Rhode Island for the Selection of Consultants" shall govern the selection of consultants by the System.

D. Procurement Responsibilities of the System.

1. For purchases equal to or in excess of 50 thousand dollars (\$50,000), the Retirement Board shall have all of the authority of the "chief purchasing officer" of the System under R.I. Gen. Laws Chapter 37-2 and shall retain ultimate decision-making authority over procurements. For purchases equal to or in excess of twenty thousand dollars (\$20,000), but not more than fifty thousand dollars (\$50,000), a majority of the Procurement Committee shall have all of the authority of the "chief purchasing officer" of the System under R.I. Gen. Laws Chapter 37-2 and shall retain ultimate decision-making authority over procurements. For purchases of twenty thousand dollars (\$20,000) or less, the Executive Director shall have all of

the authority of the Chief Purchasing Officer. Accordingly, the term "System" shall be used in these Rules to designate: (a) the Executive Director for purchases of twenty thousand dollars (\$20,000) or less, or (b) the Procurement Committee or the Retirement Board acting in the capacity of chief purchasing officer of the System.

E. Public Access to Procurement Records.

1. Except as otherwise provided for herein, all procurement information of the System shall be a public record to the extent provided in R.I. Gen. Laws Chapter 38-2 (Access to Public Records) and shall be available to the public as provided in such Act.

F. Procurement Decisions of the System.

1. Every determination required by these Rules shall be in writing and based upon written findings of fact by the System. These determinations and written findings shall be retained in an official contract file in the offices of the System.

1.2.2 Source Selection and Contract Formation

A. Source Selection.

1. Methods of Source Selection. Except as otherwise authorized by law or by Rule of the System, all contracts of the System shall be awarded by:
 - a. competitive-sealed bidding (§ 1.2.2(A)(2) of this Part);
 - b. competitive negotiation (§§ 1.2.2(A)(3) and (4) of this Part);
 - c. noncompetitive negotiation (§ 1.2.2(A)(5) of this Part);
 - d. small purchase procedures (§ 1.2.2(A)(6) of this Part); or
 - e. master price agreements (§ 1.2.2(A)(7) of this Part);
2. Competitive-Sealed Bidding.
 - a. Contracts exceeding the amount provided by § 1.2.2(A)(6) of this Part shall be awarded by competitive-sealed bidding unless the System determines in writing that this method is not practicable. Factors to be considered in determining whether competitive-sealed bidding is practicable shall include whether:
 - (1) specifications can be prepared that permit an award on the basis of either the lowest bid price or the lowest responsible evaluated bid price; and

- (2) the available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive-sealed bidding.
- b. The invitation for bids shall state whether an award shall be made on the basis of the lowest responsible bid price or the lowest responsible evaluated or responsive bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids, if available.
- c. Public notice of the invitation for bids shall be given by publication in a newspaper of general circulation in the State or a consortium of newspapers, which publish their newspapers at least once each week and have a circulation in one or more communities, not less than seven (7) days nor more than twenty-one (21) days before the date set for the opening of the bids. The System may make a written determination that the twenty-one (21) day limitation needs to be waived. The written determination shall state the reason why the twenty-one (21) day limitation is being waived and shall state the number of days, giving a minimum and maximum, before the date set for the opening of bids when public notice is to be given.
- d. Bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and an abstract made available for public inspection. Subsequent to the awarding of the bid, all documents pertinent to the awarding of the bid shall be made available and open to public inspection and retained in the bid file.
- e. The contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or lowest evaluated bid price.
- f. Correction or withdrawal of bids will be allowed only in the following circumstances:
 - (1) a bidder will not be permitted to correct a bid mistake after bid opening that would cause such bidder to have the low bid unless the mistake is clearly evident from examining the bid document, for example, errors in addition.
 - (2) an otherwise low bidder may be permitted to correct a material mistake of fact in its bid, including price, when the intended bid is
 - (3) obvious from the bid document or is otherwise supported by proof that has evidentiary value. A low bidder will not be permitted to correct a bid for mistakes or errors in judgment.

- (4) in lieu of bid correction, a low bidder alleging a material mistake of fact will be permitted to withdraw its bid when there is reasonable proof that a mistake was made and the intended bid cannot be ascertained with reasonable certainty.
- (5) after bid opening, an otherwise low bidder shall not be permitted to make exceptions to the bid conditions or specifications which affect price or substantive obligations; however, such bidder shall be permitted the opportunity to furnish other information called for by the invitation for bids and not supplied due to oversight, so long as it does not affect responsiveness.

3. Competitive Negotiation.

- a. When the System determines in writing that the use of competitive-sealed bidding is not practicable, and except as provided in §§ 1.2.2(A)(5), (6) and (7) of this Part, a contract may be awarded by competitive negotiation.
- b. Adequate public notice of the request for proposals shall be given in the same manner as provided in § 1.2.2(A)(2)(c) of this Part.
- c. The request for proposals shall indicate the relative importance of price and other evaluation factors.
- d. Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the System taking into consideration price and the evaluation factors set forth in the request for proposals.
- e. Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing by the System to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:
 - (1) with respect to prices, where such prices are fixed by law or regulation, except that consideration shall be given to competitive terms and conditions; or
 - (2) where time of delivery or performance will not permit discussions; or

- (3) where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with
- (4) the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable prices, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

4. Negotiations After Unsuccessful Competitive-Sealed Bidding.

- a. Contracts may be competitively negotiated when it is determined in writing by the System that the bid prices received by competitive-sealed bidding under § 1.2.2(A)(2) of this Part either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which:
 - (1) each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate; and
 - (2) the negotiated price is lower than the lowest rejected bid by any competitive bidder; and
 - (3) the negotiated price is the lowest negotiated price offered by a competitive offeror.
- b. In the event that all bids submitted pursuant to competitive-sealed bidding under § 1.2.2(A)(2) of this Part result in bid prices in excess of the funds available for the purchase, and the System determines in writing:
 - (1) that there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder, and
 - (2) the best interest of the System will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive-sealed bidding as provided in § 1.2.2(A)(2) of this Part, then a negotiated award may be made as set forth in §§ 1.2.2(A)(4)(c) or (d) of this Part.
- c. Where there is more than one bidder, competitive negotiations pursuant to § 1.2.2(A)(3) of this Part shall be conducted with the three (two if there are only two) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive-

sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

- (1) if discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and
 - (2) a request for proposals, based upon revised specifications or guaranties, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror.
- d. When after competitive-sealed bidding it is determined in writing that there is only one responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with § 1.2.2(A)(5) of this Part.
5. Sole Source Procurement and Emergency Procurements.
- a. A contract may be awarded for a supply or service item without competition when the System determines, in writing, that there is only one source for the required supply or service item.
 - b. Notwithstanding any other provision of these Rules, the System may make emergency procurements when there exists a threat to public health, welfare or safety under emergency conditions, provided that such emergency procurements shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular vendor shall be included in the contract file.
6. Small Purchases. Procurements, not to exceed an aggregate amount of seventy-five hundred dollars (\$7,500) for all purchases other than construction may be made at the established catalogue or market price of commercial items sold in substantial quantities to the general public. In the case of all other small purchases as defined in this section, the System shall procure items in any manner it believes reasonable. Where practicable, the System shall make inquiries from at least three sources to determine what is a reasonable price. The inquiries may be made by telephone. No such inquiries are required when the price of the item or service is not expected to exceed one hundred dollars (\$100). Procurement requirements shall not be artificially divided by the System so as to constitute a small purchase under this section.

7. Master Price Agreements. Anything in these Rules to the contrary notwithstanding where any supplies to be purchased by the System are covered by a Master Price Agreement between a vendor and the Division of Purchasing of the Department of Administration of the State, such supplies may be purchased by the System without notice or otherwise following the procedures set forth in §§ 1.2.2(A)(2) through (6) of this Part, inclusive, hereof.
8. Waiver of Information in Bids and Offers. The System may waive informalities in any bid or offer.

B. Cancellation of Invitation for Bids and Requests for Proposals.

1. The System may cancel an invitation for bids, a request for proposal, or negotiations in connection with the procurement of any item or service, or may reject all bids or proposals if the System determines that such action is in the best interests of the System. No such cancellation or rejection shall prevent the System from resoliciting supplies and services for the same project on the same or different terms.

C. Responsibility of Bidders and Offerors.

1. Determination of Responsibility. A written determination of responsibility of a bidder or offeror shall be made by the Executive Director in connection with the award of any contract. The Executive Director may make reasonable inquiries to determine responsibility. The failure of any bidder or offeror to promptly supply information in connection with such inquiries may be grounds for determining that such person is not responsible. Except as otherwise provided by law, information furnished by any bidder or offeror pursuant to this § 1.2.2(C)(1) of this Part may not be disclosed by the System to any other person without the prior written consent of such person.
2. Annual Statement of Qualifications. Persons interested in contracting with the System shall be encouraged by the Executive Director to submit to the System annually a statement of qualifications. Solicitation mailing lists of potential vendors shall include but need not be limited to vendors who have submitted annual statements of qualifications.
3. Cost or Pricing Data.
 - a. A vendor shall submit to the System cost or pricing data and shall certify that, to the best of its knowledge and belief, any cost or pricing data required to be submitted was accurate, complete, and current as of a mutually determined specified date prior to the date of the pricing of any negotiated contract where the total contract price is expected to exceed fifty thousand dollars (\$50,000), or the

pricing of any change order or contract modification which is expected to exceed twenty-five thousand dollars (\$25,000).

- b. The System may require vendor certified cost or pricing data in connection with any bid, proposal or contract without regard to the price ceilings set forth above if the System determines that such cost or price data is necessary to ensure a fair and reasonable contract price to the System.
- c. Where certified cost or pricing data must be submitted in connection with any contract, change, or modification thereto, the price to the System, including profit or fee, shall be adjusted to exclude any significant sums by which the System finds that such price was increased because the vendor furnished cost or pricing data, as of the date agreed upon between the parties, that was inaccurate, incomplete, or not current.
- d. The System may elect not to require certified cost or pricing data where the price negotiated is based on adequate price competition, established catalog or market prices of commercial items sold in substantial quantities to the general public, prices set by law or regulation, or in exceptional cases where the System determines that the requirements of this section may be waived by the System, and the reasons for such waiver are stated in writing.

D. Contracts.

- 1. Types of Contracts. The System may enter into any type of contract which will promote the best interests of the System subject to the following rules:
 - a. Cost plus percentage of cost-type contracts shall not be awarded to any person.
 - b. No contract providing for the reimbursement of the vendor's cost plus a fixed fee (herein referred to as a cost-reimbursement-type contract) shall be awarded to any person unless the System determines that this type of contract is likely to be less costly to the System than any other type of contract or that it is impracticable to obtain supplies or services of the kind or quality required except under such a contract. Each vendor under a cost-reimbursement-type contract shall obtain the consent of the System, as provided for in the contract, before entering into:
 - (1) a cost-reimbursement type subcontract; or
 - (2) any other type of subcontract involving more than ten thousand dollars (\$10,000) or ten percent (10%) of the estimated cost of the prime contract. All cost-reimbursement-

type contracts shall permit reimbursement only of allowable costs as determined in accordance with cost principles set forth in § 1.2.5 of this Part.

2. Approval of Accounting System. Except with respect to firm-fixed-price-type contracts, no contract type shall be used by the System unless the System has determined that the proposed vendor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated and that the vendor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles.
 3. Partial, Progressive and Multiple Awards.
 - a. A contract may provide for payments as work progresses under the contract, upon the basis of costs incurred, percentage of completion accomplished or of a particular stage of completion.
 - b. A contract may provide for payments upon submission of proper invoices or vouchers for supplies delivered and accepted or services rendered and accepted where such supplies and services are only part of total contract requirements.
 - c. The System may reserve the right to split a contract between two or more responsive and responsible bidders and to make an award for all or only part of the items, services or construction specified in the solicitation, if so stated in the invitation to bid or the request for proposal.
 4. Annual Appropriations. All contracts awarded by the System shall be subject to the availability of annual appropriations by the General Assembly unless prior to the award an amount equal to the contract price has been administratively set aside by the System from then available appropriated funds.
- E. Inspection of Facilities and Audits of Records.
1. The System may inspect the plant or place of business of the vendor or any subcontractor under any contract awarded or to be awarded by the System.
 2. The System shall be entitled to audit the books and records of a vendor or any subvendor under any negotiated contract other than a firm-fixed-price-type contract, at any time until the period of retention provided for herein expires. Such books and records shall be maintained by the vendor for a period of three (3) years from the date of final payment under the prime contract and by the subcontractor for a period of three (3) years from the date of final payment under the subcontract.

F. Reporting of Anti-Competitive Practices.

1. If for any reason the System suspects collusion among bidders or offerors, the System shall transmit a written notice of the facts giving rise to such suspicion to the Attorney General of the State (the "Attorney General").
2. All documents involved in any procurement in which collusion is suspected shall be retained by the System until the Attorney General notifies the System that they may be released. All such documents shall be made available to the Attorney General or his or her designee upon request, notwithstanding any other provision of this Rule.

1.2.3 Specifications

A. Issuance of Specifications.

1. The Executive Director shall establish and maintain to the extent practicable standards and specifications approved by the Department of Administration of the State, the U.S. Government, and industry and professional associations, relating to the development and use of purchasing specifications and for the inspection, testing and acceptance of supplies and services not inconsistent with the Rules of the System.
2. The System shall develop to the extent practicable "General Conditions" to be used in various types of contracts entered into by the System.
3. The System shall from time to time, review those standards and specifications and "General Conditions" which it utilizes, with a view to conforming such standards, specifications and "General Conditions" to all technical and scientific advances and to reflect changes in the System's requirements and to the extent practicable to maximize competition in the fulfillment of the System's requirements.

1.2.4 Modification and Termination of Contracts

A. Modification of Contracts.

1. The System may require clauses in its contracts to which it is a party permitting changes or modifications by the System.

B. Termination of Contract - Default of Vendor.

1. The System may provide that a contract may be terminated for default of the vendor and may provide for liquidated damages.

C. Termination of Contract - Convenience.

1. The System may provide that contracts may be terminated for the convenience of the System or the vendor and in such cases shall provide for appropriate adjustments in price including, where applicable, reimbursement for the reasonable value of any nonrecurring costs incurred but not amortized in the price of any item or service delivered under the contract.

1.2.5 Cost Principles

A. Cost and Pricing Principle.

1. Except as otherwise provided by contract, the System shall use generally accepted accounting principles:
 - a. as guidelines in the negotiation of estimated costs for contracts when the absence of open-market competition precludes the use of competitive-sealed bidding, as adjustments for changes or modifications in contract performance requested by the System, and as settlements of contracts which have been terminated;
 - b. to determine the allowability of incurred costs for the purposes of reimbursing costs under contract provisions which provide for the reimbursement of costs; and
 - c. as appropriate in any other situation where determinations of estimated or incurred costs of performing a contract may be required.

1.2.6 Dispute Resolution and Debarment

A. Resolution of Protested Solicitation and Award.

1. Any actual or prospective bidder, offeror, or vendor who is aggrieved in connection with the solicitation or award of any contract may file a protest with the System. A protest must be filed in writing not later than two (2) calendar weeks after such aggrieved person knows or should have known of the facts giving rise thereto.
2. The System shall promptly issue a decision in writing regarding such protest. A copy of that decision shall be furnished to the aggrieved party and shall state the reasons for the action taken.
3. In the event a protest is filed in a timely manner under this Section, the System shall not proceed further with the solicitation or award which is the subject of the protest until it has issued a decision on the protest, or determined that continuation of the procurement is necessary to protect a substantial interest of the System.

B. Debarment and Suspension.

1. After reasonable notice to the person involved and reasonable opportunity for that person to be heard, the System may debar a person for cause from consideration for award of contracts contemplated by these Rules. The debarment shall not be for a period of more than three years. The System may suspend a person from consideration for award of contracts if there is probable cause for debarment. The suspension shall be for a period of not less than three months.
2. Causes for debarment or suspension include the following:
 - a. conviction of a criminal offense in connection with obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;
 - b. conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a vendor with the System;
 - c. conviction under state or federal antitrust statutes arising from the submission of bids or proposals;
 - d. violation of contract provisions, as set forth below, of a character which is regarded by the System to be so serious as to justify debarment action:
 - (1) deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in a contract with the System; or
 - (2) recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts with the System or the State; provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the vendor shall not be considered to be a basis for debarment;
 - e. any other cause the System determines to be so serious and compelling as to affect responsibility as a vendor, including debarment by a governmental entity.
3. The System shall issue a written decision to debar or suspend. The decision shall state the reasons for the action taken and inform the debarred or suspended person of its rights to judicial review.

4. A copy of the decision under § 1.2.6(B)(3) of this Part shall be furnished promptly to the debarred or suspended person.

C. Resolution of Contract Disputes.

1. If any claim or controversy arising under contracts to which these Rules apply is not resolved by mutual agreement, the System shall promptly issue a decision in writing regarding the subject matter of such claim or controversy. A copy of that decision shall be furnished to the vendor. If the System does not issue a written decision within thirty days after written request for a final decision, or within such longer period as might be established by the parties to the contract in writing, then the vendor may proceed as if an adverse decision had been received from the System.

1.2.7 Additional Matters

A. Equal Employment Opportunity.

1. For all contracts for supplies and services exceeding ten thousand dollars (\$10,000), vendors must comply with the requirements of federal executive order 11246, as amended, and R.I. Gen. Laws § 28-5.1-10. Failure to comply will be considered a substantial breach of the contract subject to penalties prescribed on regulations administered by the Department of Administration of the State.

B. Conflict of Interest.

1. No member or employee of the System shall have any interest, financial or otherwise, direct or indirect, or engage in any activity which is in substantial conflict with the proper discharge of his or her duties as a member or employee of the System.

C. Legal Counsel.

1. Pursuant to the provisions of R.I. Gen. Laws §§ 36-8-9 and 45-21-35, legal counsel to the System is chosen by the General Treasurer of the State. Accordingly, nothing herein contained shall be deemed applicable to the selection of legal counsel for the System.

1.2.8 Effective Date

A. Effective Date.

1. These Rules shall become effective upon their adoption by the Board. Thereafter, the Board shall file a copy of these Rules with the Secretary of State.

B. Contracts in Effect on Effective Date.

1. These Rules shall not change in any way a contract commitment by the System or of a vendor to the System which was in existence on the effective date of these Rules.

2. Notwithstanding anything contained in § 1.3.1(C) of this Part, the "Rules of the Employees' Retirement System of the State of Rhode Island and the Municipal Employees' Retirement System of the State of Rhode Island for the Procurement of Supplies and Services" shall govern the procurement of supplies and services.

D. Procurement Responsibilities of the System.

1. The Procurement Committee shall select persons or firms to render consultant services pursuant to these Rules. Accordingly, the term "System" shall be used in these Rules to designate the Procurement Committee.

E. Public Access to Procurement Records.

F. Procurement Decisions of the System.

1. Every determination required by these Rules shall be in writing and based upon written findings of fact by the System. These determinations and written findings shall be retained in an official contract file in the offices of the System.

B. Annual Statement of Qualifications and Performance Data.

1. Consultants shall be encouraged by the Executive Director to submit to the System annually a statement of qualifications and performance data which shall include, but not be limited to the following:

Laws § 36-10-18 to allow members of the Employees Retirement System of Rhode Island (public school teachers and state employees only) to elect more than one beneficiary to be the recipient of a survivor option under Rhode Island retirement law. The option to elect multiple beneficiaries is not available to state police, judicial, general municipal, or police & fire members of retirement plans administered by ERSRI.
2. This regulation explains the procedure to be utilized by ERSRI in determining the amount due each qualified beneficiary.

B. ERSRI Methodology on Multiple Beneficiaries Optional Annuity

1. § 1.7 of this Part and all applicable R.I. Gen. Laws statutory rules shall be used in determining a member's optional annuity.
2. Optional Annuity Multiple Beneficiary benefits will be determined as follows:
 - a. The amount of the ex-member's contributions shall be divided by the number of multiple beneficiaries identified on the Optional Annuity Form in order to calculate an equal amount of 'return of contributions' to be due each multiple beneficiary.
 - b. The ex-member's retirement benefit shall be calculated according to the standard method for service retirement annuity (SRA or maximum plan). If the member on the date of his/her death was not eligible for retirement, the optional annuity shall be calculated using an actuarial adjustment determined by the number of years the member was below age or service requirements.
 - c. The resulting SRA retirement benefit due the deceased member shall be divided in equal shares between the multiple beneficiaries.
 - d. The multiple beneficiaries shall have the choice of selecting either:
 - (1) return of contributions; or
 - (2) an Optional Annuity benefit that has been split evenly amongst the named multiple beneficiaries.

- e. It is not necessary that all multiple beneficiaries make the same selection (i.e. One beneficiary may choose a return of contributions while the others may choose the optional annuity.)

C. ERSRI Methodology on Multiple Beneficiaries / Joint and Survivor Option One

1. § 1.7 of this Part and all applicable R.I. Gen. Laws statutory rules shall be used in determining a member's survivor retirement benefit.
2. Option One Multiple Beneficiary benefits will be determined as follows:
 - a. The retiring member's retirement benefit shall be calculated according to standard method for service retirement annuity (SRA or maximum plan);
 - b. The SRA retirement benefit is then divided into equal shares according to the number of named multiple beneficiaries;
 - c. For a non-spouse beneficiary who is ten years (or more) younger than the retiring member, Internal Revenue Service rules require an actuarial reduction for retiring members utilizing Option One; See IRS proposed regulation 1.401(a)(9)—2.
 - d. Option One factors based on the multiple beneficiaries ages are then applied to the equal shares;
 - e. The sum of the actuarially reduced benefits shall be the retiring member's benefit during his/her lifetime.

D. ERSRI Methodology on Multiple Beneficiaries / Joint and Survivor Option Two

1.10 Rules Regarding the Operation and Administration of R.I. Gen. Laws §§ 16-16-1(12) and 16-16-5 regarding creditable service as a teacher member of the Employees Retirement System of Rhode Island

A. Regulation Summary

1. This regulation governs the determination of creditable service for teacher members of the Employees' Retirement System of Rhode Island (ERSRI). This regulation does not apply to state employee members, members of the Municipal Employees' Retirement System (MERS), or members of the Judicial Retirement Plan or State Police Retirement Plan.

B. Definitions

1. School Year: "School year" shall be defined as the number of days required by R.I. Gen. Laws § 16-2-2 that school be in session.

C. Statutory Standard

1. Every teacher as defined in R.I. Gen. Laws § 16-16-1(a)(12) who is an active member of the Employees Retirement System of Rhode Island shall be eligible for one year of service credit for each school year served as a teacher.

D. Service Credit for Classroom Teachers

1. In those years in which a teacher works less than the total number of days in a school year the Employees' Retirement System will award service credit according to the following schedules:

a. For service credits accrued prior to November 17, 2011, the following schedule shall apply:

45 days	= 3 months service credit
67 days	= 6 months service credit
91 days	= 9 months service credit
135 days	= 1 year service credit

- b. For service credits accrued on and after November 17, 2011, service credits are calculated on a proportional basis based on days worked and the following schedule shall apply:

45 days	= 3 months service credit
90 days	= 6 months service credit
135 days	= 9 months service credit
180 days	= 1 year service credit

- c. For example, a Teacher is able to retire as of November 9, 2013. How much credit will be awarded for the 2013-2014 school year?
- (1) Step 1. Count the number of days to November 9 from the beginning of the school year i.e., September 1st = 47 days
 - (2) Step 2. Divide the number of school days by 180 $47/180 = .2611$
 - (3) Step 3. Multiply $.2611 \times 12$ months $.2611 \times 12 = 3.1332$
 - (4) The result is 3.1332 months. To get the days, multiply $.1332 \times 30$ days which is 4 days. Therefore, the Teacher will get 3 months and 4 days of credit for the 2013-2014 school year.

E. Effective Date

1. This regulation shall take effect upon promulgation.

1.11 Rules Regarding the Operation and Administration of R.I. Gen. Laws §§ 16-16-8.1, 36-9-41 and 45-21-64 regarding Purchase of service credits payable by installment

A. Regulation Summary

1. This regulation governs procedure for installment payments on optional service credits purchases (OSC) to members of the State and Teacher Retirement System (ERS) and Municipal Employees Retirement System (MERS).

B. Definitions

1. Regular Interest – Shall mean interest paid on a lump sum purchase as defined in R.I. Gen. Laws § 36-8-1(14).

2. Active Member – Shall be defined as is in R.I. Gen. Laws §§ 36-8-1(2), 16-16-1(1) and 45-21-2(2).
3. Installment Interest – Shall be defined as the actuarial assumed rate of return adopted by the board pursuant to R.I. Gen. Laws § 36-8-13.
4. Prorated Agreement – Shall be calculated using a fraction. The numerator shall be the number of payments made on the installment agreement and the denominator shall be the total number of payments required to complete the agreement. This fraction shall be multiplied by the total years of service being purchased through the installment. For example:
 - a. Total installment payments – 12
 - b. Total time being purchased – 7 years, 0 months, 0 days
Installment payments made before termination – 6
 - c. $6/12 = 0.5$
 - d. $0.5 \times 7\text{years} = 3.5$
 - e. Service awarded at time of termination is 3 years, 6 months, 0 days

C. Procedure

1. ERSRI will first create a cost calculation for the service being purchased based on parameters (member-specific data, rules relative to the plan, type of service being purchased, etc.) pursuant to R.I. Gen. Laws. The member shall select to purchase the service credits through either a lump-sum payment or an approved installment plan.
 - a. A member may not enter into an installment agreement and make a lump sum payment, nor may a member enter into a lump sum agreement and make installments. The payment selection made is irrevocable consistent with federal law.
2. Installment agreements are calculated on an amortized payment schedule using interest at the actuarial assumed rate of return adopted by the board.
 - a. Neither installment interest or regular interest is posted to a member account. Neither is refundable. Only the principal portion (or the portion that is effectively the missing contributions on wages being replaced) is posted to the member account.
 - b. Agreements, which will be paid using “rollover” funds, must be set up to accept rollover money at their creation. An agreement that has not been set-up to accept rollover funds must be cancelled, and

a new agreement created if the member wishes to pay with rollover monies. This will require the cancelled agreement to be prorated.

- c. The service is not awarded nor are contributions posted to the member account until the agreement has been *completed* or *prorated* due to cancellation of the agreement. Therefore, member account balances are not affected over the life of an installment agreement. In the member annual statement, summary information regarding "in process" and "completed" purchase agreements will be included.
 - d. Payment frequencies from active Member Agencies on installment agreements are set at one (1) per month. Early payments cannot be applied to principal, thereby changing the structure of the agreement. Therefore, the total interest on an installment payment plan will remain the same throughout the life of the agreement.
 - e. Payments on installment agreements may be accepted from active Member Agencies (via payroll deduction.) The payment frequency is fixed at one (1) per month; the employer shall conform to all the reporting and transmittal of OSC funds on a monthly basis, regardless of their wage and contribution reporting frequency.
 - (1) In the event, an employer becomes delinquent remitting payments to ERSRI on installment agreements, the member shall not be held in default and the agreement shall not be cancelled. ERSRI may seek penalty interest from the employer.
3. Pursuant to R.I. Gen. Laws §§ 45-26-56, 45-21-12.1, 36-9-20, and 16-16-8, requiring the present value of accrued benefits (PVAB) be transferred from one employer reserve to another at the time a member changes employment, installment agreements must be prorated and posted to the member account at the time of the termination of employment. Proration of an agreement results in service and contributions being reported to the plan and employer reserve that the member belongs to at the time the agreement is entered into.
- a. Therefore, since the agreement is irrevocable the member will be required to continue the purchase of the remaining allowable service with a new agreement after being enrolled with the new employer.

D. General Policies

- 1. Should someone cease being an active member prior to completion of the installment agreement for any reason, including death and termination (both voluntary and involuntary), the agreement will become null and void

at the effective date of termination and will be prorated at the time of termination. If applicable, the member may have the option of paying in lump sum, the amount necessary to complete the service credit originally provided in the installment agreement. These payments must be received by ERSRI within 30 business days from the effective date of termination.

a. In case of the death of an active member with an active installment agreement, the beneficiary shall be provided the option of completing the agreement by making a lump-sum payment for the outstanding balance of the agreement at the time of the participant's death. The procedure shall be that the installment agreement becomes null and void at the effective date of termination and will be prorated at the time of termination.

(1) If applicable, funds from the death benefit payment may be used toward the lump-sum payment of the cancelled agreement. The beneficiary will be required to execute ERSRI transfer documents to effectuate the transfer of the death benefit.

2. If an agreement needs to be prorated for any reason and a lump sum is computed, interest on the lump sum shall be computed to the date of termination of employment, death or cancellation of the agreement.

E. Effective Date

1. This regulation shall take effect January 1, 2002

A. Introduction

1. This Administrative Regulation pertaining to the election of the social security supplemental option is promulgated pursuant to R.I. Gen. Laws § 36-8-3. The Regulation shall be applicable to all state employees, correctional officers, teachers and municipal employees who at the time of retirement, prior to November 17, 2011, elected the social security supplemental option under R.I. Gen. Laws §§ 36-10-10.3 or 45-21-17.2 and who have not reached age 62.

B. Application of R.I. Gen. Laws §§ 36-10-10.3 and 45-21-17.2

1. R.I. Gen. Laws §§ 36-10-10.3 and 45-21-17.2 permit a vested member to elect this option which provides for payment of a larger benefit before the attainment of age 62 and a reduced amount thereafter. The reduced amount shall be equal to the benefit before age 62 including cost of living increases minus the member's estimated social security benefit payable at age 62. The benefits payable before and after the attainment of age 62 will be actuarially determined to be equivalent to the lifetime service retirement allowance as determined in R.I. Gen. Laws §§ 36-10-10 and 45-21-17 respectively.
2. This option is not available for Police/Fire retirees, Disability retirees, Nurses retiring from the Department of Behavioral Healthcare Developmental Disabilities and Hospitals or Department of Mental Health Retardation and Hospitals or schedule B retirees.
3. The purpose of this regulation is to permit retirees who had elected the social security supplemental option at the time of retirement and prior to November 17, 2011, to adjust the effective date of the reduction of the larger benefit before the attainment of age 62. This regulation does not apply to any member retiring on or after November 17, 2011. The adjustment under this regulation will be actuarially determined to be equivalent to the lifetime service retirement allowance as determined in R.I. Gen. Laws §§ 36-10-10 or 45-21-17. Members are precluded from selecting joint and survivor options pursuant to R.I. Gen. Laws §§ 36-10-19 and 45-21-30.

C. Procedure for Modification

1. Eligible retirees will be given a one-time election to adjust the effective date of the reduction of the larger benefit before the attainment of age 62. This selection shall be deemed irrevocable on issuance of the first payment. Retirees, before the attainment of age 62, who select this adjustment, will have their current benefit adjusted during calendar year 2014 (January 1, 2014 to December 31, 2014).
2. Upon request, on a form provided by ERSRI, an eligible retiree's current benefit will be reduced on the month following the retiree's birthday during calendar year 2014 based on an actuarial equivalent amount provided for this purpose. The actuarial equivalent amount will be developed by the System actuary and will be based on the assumptions and tables established on the retiree's date of retirement.
3. Retirees must submit their request on the ERSRI form no later than sixty (60) days prior to the member's birthday in calendar year 2014. In all cases, the eligible retiree will receive a larger benefit before the attainment of age 62 and a reduced amount thereafter, and the reduced amount shall be equal to the benefit before the reduction, including cost of living increases, minus the retiree's estimated social security benefit payable at age 62, and the benefits before and after the adjustment will be actuarially determined to be equivalent to the lifetime service retirement allowance as determined by R.I. Gen. Laws §§ 36-10-10 or 45-21-17 respectively, as required by the Rhode Island General Laws.
4. Example of an adjustment:

B. Definitions

1. "Calendar Year" means January through December.

C. Rules for Exceeding the Allowable Monetary Limits at a State College, University or State School and State Operated Facility

1. The purpose of this regulation is to ensure consistent application of the Retirement Board laws and rules governing post retirement employment. Specifically, this regulation provides the process and procedures for determining when a retiree exceeds the statutory earnings limitations and how the retirees' pension benefit will be affected pursuant to R.I. Gen. Laws §§ 36-10-36(d)(2), (3) & (4). The provisions of § 1.17(C) of this Part shall be applicable to all retired members of the Employees' Retirement System of Rhode Island and Municipal Employees' Retirement System who retired under the provisions of R.I. Gen. Laws Chapters 36-8 through 36-10, Chapter 16-16 and Chapters 45-21 and 45-21.2.

D. Procedure for Suspension of Pension Benefits and Recouping Overpayments

1. Once the retired member reaches the monetary limit provided by law, the retired members' pension benefit shall be suspended in the following manner should they continue employment:

a. The retired member's pension benefit will be suspended for the remainder of the calendar year. Upon notification of termination from employment or the retired member's last day of employment in the calendar year to ERSRI, the retired member's pension benefit will be reinstated.

- (1) Example: A retiree accepts a position at a state university for the Spring semester and he/she and the employer report to ERSRI the following post retirement employment days worked, monthly earnings and last day of employment:

MONTH	EARNINGS	DAYS WORKED
JANUARY	\$2500	6
FEBRUARY	\$4500	8
MARCH	\$3500	7
APRIL	\$4500	8
MAY	\$2500	6

- (2) LAST DAY OF EMPLOYMENT FOR SPRING SEMESTER:
MAY 15

2. The retiree reached the statutory earnings limit at the end of April and continued to work and get paid for 6 additional days in May before ending employment for the semester. Data is provided on a monthly basis; the monthly pension benefit will be suspended effective the end of April.

Monthly Pension Benefit:

\$4,000.00

÷ 30 days

\$133.33 per day X 6 days

\$799.98 amount of pension benefit to be suspended

The pension benefit for the month of May will be reinstated effective May 16 as follows

\$4,000.00 - \$799.98 = \$3200.02.

3. Should this retired member commence post retirement employment at a state college, university or state school for the Summer or Fall semester in the same calendar year, the pension benefit will be suspended in full from the first day of employment through the last of employment for that calendar year.

E. Effective Date

1. These Rules and Regulations were approved by the Retirement Board on December 14, 2016 and shall take effect twenty (20) days after filing with the Department of the Secretary of State, amending and superseding the prior rules and regulations promulgated on November 5, 2013.

1.18 Regulation Regarding Post-Retirement Employment

A. Introduction

1. This Administrative Regulation shall serve as a statement of policy pertaining to the Retirement Board's interpretation of laws related to post-retirement employment, previously affirmed by the Retirement Board at its meeting of January 10, 2001, and is promulgated pursuant to R.I. Gen. Laws § 36-8-3. This Regulation shall be applicable to all members of the Employees' Retirement System of the State of Rhode Island and the Municipal Employees' Retirement System of the State of Rhode Island who are receiving a pension benefit under the provisions of R.I. Gen. Laws Chapters 36-8 through 36-10, 16-16, or 45-21 and 45-21.2.

B. Statement of Policy

1. The Retirement Board has noted the increased prevalence of retired members attempting to circumvent the restrictions on post-retirement employment contained in the Rhode Island General Laws, including R.I. Gen. Laws §§ 36-10-36, 16-16-24, and 45-21-54, by utilizing the form of a legal business organization, or by becoming employees of private business organizations or entities. At the Retirement Board meeting on January 10, 2001, the Retirement Board voted as follows:
 - a. VOTED: To accept the recommendation of the Rules and Regulations sub-committee that the intention of the law and the regulations of the Retirement Board, a person may not do as a corporation, or as an employee of a corporation, what an individual cannot do.
2. This has remained the policy and practice of the Retirement Board since adoption on January 10, 2001. The Retirement Board, by virtue of the instant regulation, now formally codifies, clarifies and confirms the statement previously adopted on January 10, 2001 as follows:

- a. Members may not utilize the legal form of a business organization, or employment by a private business entity or organization, as a means of circumventing the post-retirement employment restrictions set forth in the Rhode Island General Laws. The Retirement Board will endeavor, wherever appropriate, to extend post-retirement employment restrictions to members seeking or engaged in post-retirement employment both in their individual capacities, and to the extent that a member seeks to engage in otherwise prohibited post-retirement employment by virtue of becoming a business organization or an employee of a business organization.
